

Alphabet Photography Assignment

Alphabet photography is the creative process of photographing everyday objects that resemble letters of the alphabet, then putting the photos together to create any name or word.

- Select a word, such as your first name or last or a word that has special meaning to you.
- Photograph as many images as possible that create the illusion of the letters in your word. Try to take 2-3 different photos of each letter.
- Make sure the object you photograph to create the letter fills the frame.
- Save your photos in Google Drive in new folder.
- Once you have your letters all photographed and saved in Google Drive create your word in Google Draw. Save your image and share it with Mrs. Barlow
